ARTERA

Artera is a young trade mark of the Aldex family company. It has a multi generation tradition connected with producing illumination. As currently administrating the mark, we connected our parents experience, love for illumination, our own passion and a modern view on the company and we are trying to reforge it in creating illumination understood as functional and magical.

Our production is based on Polish materials made to fit, finished up by craftsmen and converted to beautiful, beyond timing illumination. Everything is designed to create calm, modern and beautiful space.

Artera aims to original and decorative usage of light in the private space as well as in the public one. We are able to modify our models according to our customers needs. Together, we demand on creativity in everything we are doing to create one more chapter of Artera.

Welcome to our illuminated world.

Ewa i Jakub Dyderscy

Artera to młoda marka rodzinnej firmy Aldex, posiadającej wielopokoleniową tradycję w produkcji oświetlenia. Jako obecnie zarządzający marką, połączyliśmy doświadczenie naszych rodziców, miłość do światła, własną pasję i nowoczesne spojrzenie na firmę, i staramy się przekuć to, w stworzenie oświetlenia rozumianego jako funkcja i magia.

Nasza produkcja to trwałe, polskie materiały dopracowane przez naszych rzemieślników i przekształcone w piękne, ponadczasowe oświetlenie. Wszystko zaprojektowane tak, aby stworzyć modne i przytulne przestrzenie.

Artera zmierza w kierunku funkcjonalnego, oryginalnego i dekoracyjnego wykorzystania oświetlenia, zarówno w otoczeniu prywatnym, jak i w przestrzeni publicznej. Nasze wzory możemy modyfikować w zależności od potrzeb klientów. Wspólnie stawiamy na kreatywność we wszystkim co robimy, po to, by tworzyć kolejny rozdział Artery.

Zapraszamy Cię do naszego rozświetlonego świata.

Ewa i Jakub Dyderscy
